CASHLESS TECHNICAL DISCUSSION - 10 JULY

We are holding a face-to-face session to discuss the technical challenges, practicalities and potential issues that appear to be hardwired into the current cashless proposals from the DCMS. Members of the GBG machines group have the technical expertise and knowledge to identify where there are solutions and what they are and set out the case if there aren't. We will then take this information to the Cross Industry Cashless Group for their understanding and agreement for the next steps in terms of raising the issues with the new government and perhaps the regulator.

Please contact Amanda amanda@gamblingbusinessgroup.co.uk if you have knowledge/information/expertise to contribute to the debate. Similarly, if you wish to understand more about the nitty gritty technical details that we are referring to, then you will need to join us in person on 10th July at Lolos, the Hippodrome, Leicester Square, London.

If your name is not on the list, you won't get in!!

CHANGES TO REGULATORY RETURNS

No doubt you will all have received [correspondence from the Commission](#) about the changes to regulatory return submissions, effective from 1 July. The information sets out the questions to be removed for each sector – we would be interested to know whether you feel the reduction in the question set compensates for the increased workload from having to submit quarterly returns or not, and the reasons why. Please send feedback to charlotte@gamblingbusinessgroup.co.uk

WELCOME IGT AUSTRIA GMBH

We are delighted to welcome new members, Alina Burlakova and colleagues from IGT to the Gambling Business Group. IGT is a widely respected global brand that we are proud to have within The GBG membership and we look forward to their involvement in our discussions and strategic delivery.

WELCOME GAMING RECRUITMENT SOLUTIONS

We are also delighted to welcome Paul Sculpher and Steven Jackson from GRS to the Gambling Business Group. Paul and Steve provide recruitment services to many verticals and jurisdictions, including gaming/gambling across Europe. GRS bring with them a broad knowledge of the current recruitment and employment services sector which I am sure members will find very useful.
